

[illegible]

1

Diagram 1 illustrates the mounting of the front panel. It shows three steps: 1. Bending the front panel. 2. Inserting it into the frame. 3. Pushing it forward until it clicks into place.

2

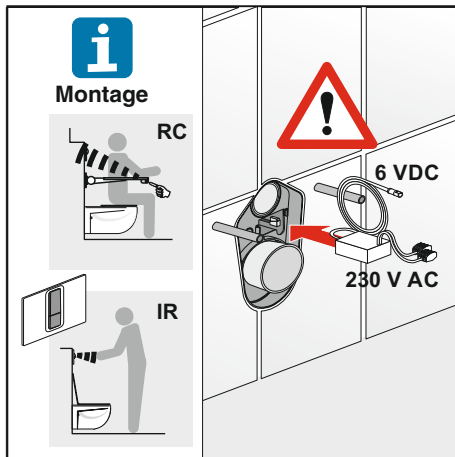

Diagram 1 shows a close-up of the toilet seat being inserted into the blue frame. A red arrow points to the seat, and a circled number 1 is next to it.

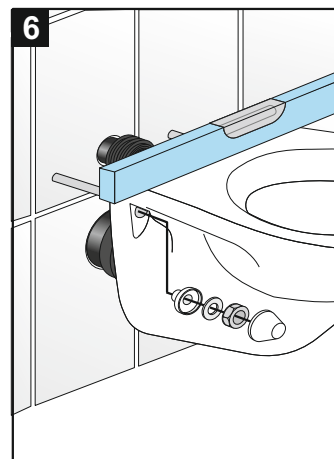

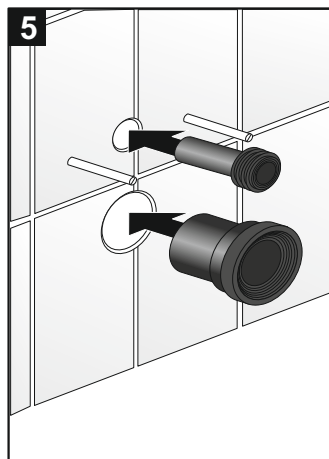

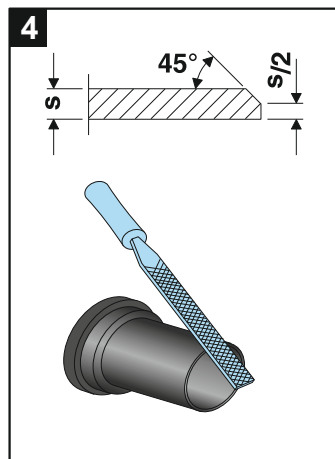

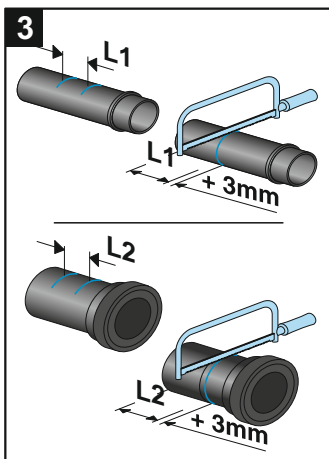

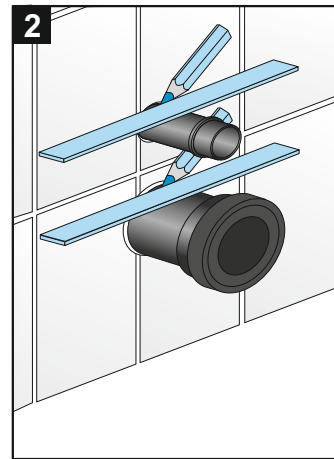

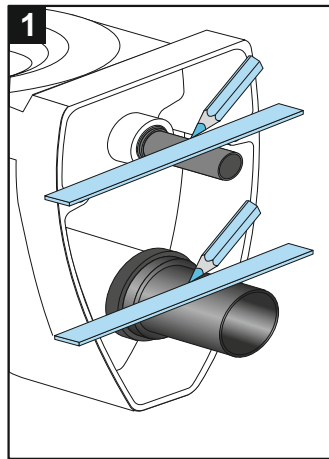

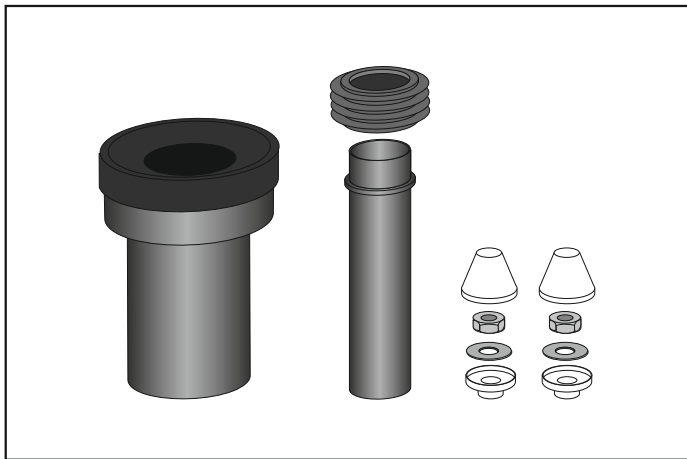

Diagram 2 shows a close-up of the toilet seat being inserted into the blue frame. A red arrow points to the seat, and a circled number 2 is next to it.

Diagram 3 shows the toilet seat fully inserted into the blue frame. A red arrow points to the seat, and a circled number 3 is next to it.

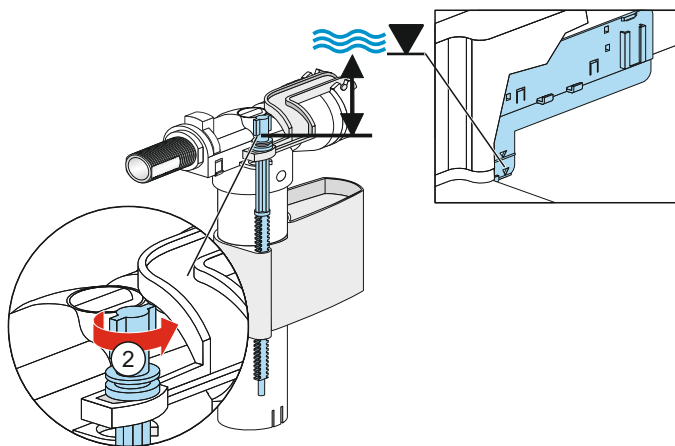

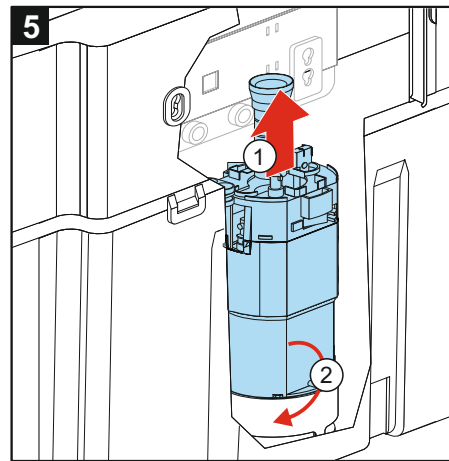

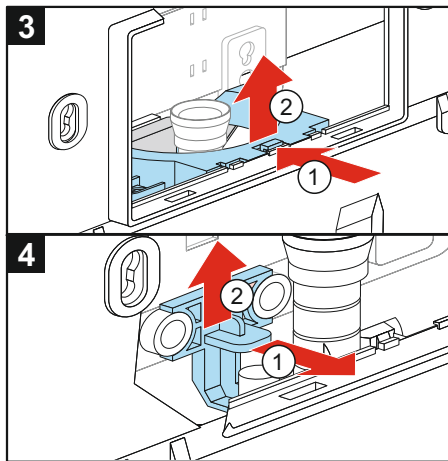

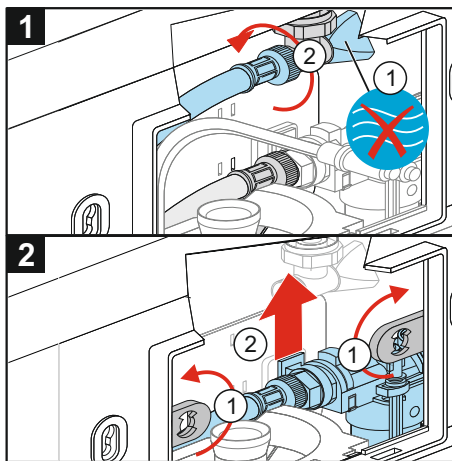

Diagram 4 shows the toilet seat being inserted into the blue frame. A red arrow points to the seat, and a circled number 4 is next to it.

Diagram 5 shows the toilet seat being inserted into the blue frame. A red arrow points to the seat, and a circled number 5 is next to it. The diagram also shows a red dashed line indicating a 5 mm gap between the seat and the frame.
